Greyhound Expressions Adoption Application

The ownership of a Greyhound is accompanied by a lifetime of commitment and responsibilities. As a result, a Greyhound does not necessarily suit every lifestyle. Therefore, Greyhound Expressions requires prospective adopters to provide love and dependable care (i.e. physical, emotional, and financial) throughout the Greyhound's life. Our goal is to place Greyhounds into permanent homes that recognize these expectations and will adhere to them under all circumstances. Greyhound Expressions has devised the following application to facilitate the adoption process. This application will help give us the crucial information necessary to determine if the prospective adopter will be suitable for ownership of a Greyhound as well as selecting the most suitable greyhound for your home. Please fill it out with care.
