Foster Application

First, Greyhound Expressions would like to thank you for considering being a foster parent for one of our Greyhounds! The need to find Greyhounds responsible and loving forever homes is ever present. As a result, Greyhound Expressions believes all Greyhounds deserve a quality life and loving home, regardless of age, sex, behavioral issues, injuries etc.

Foster homes play a critical role in retired racing Greyhound's post racing lives. They provide a safe and loving space for them to learn what it means to be a pet. A place to learn how to play, be loved, to love, run free and how to be part of a family.

The following application must be completed and reviewed before a Greyhound is placed into a home. This is to insure that all applicants are prepared to bring a Greyhound into their home and find best fit possible.

Please Note

Fostering a Greyhound takes special care, understanding and patience! They have never lived in a home, walked on different types of flooring, houstraining, and house etiquette. These are just to name a few. Remember we don't know anything about them until we get them from the track, including their personalities. We never know their life experiences, good or bad. All we can do is teach them how to become a family pet and help them overcome any issues they may have.

This also means that most of our Greyhounds have never interacted with children and children should respect a greyhound's space. It is the parent's responsibility to watch over both children and Greyhound to insure everyone's safety.

**INVISIBLE FENCING, TIE OUTS, TETHERS, ZIP LINES ARE NOT ACCEPTABLE.
NO EXCEPTIONS**

While we understand that attendance at every event may not be possible, it is the expectation that all foster families attend as many Greyhound Expression's events with their foster dog(s) as possible to allow people to meet them in person.

Greyhound Expressions reserves the right to reject any application or terminate the fostering process for any reason at any time.

Greyhound expressions is not responsible for any personal damage or injuries incurred while foster/fosters are in your care and keeping.
